**MITA Wave**

# Medicaid Information Technology Architecture

## Resetting the Medicaid Focus

**MITA**

*Share the Vision*

*Chart the Course*

*Shape the Future*

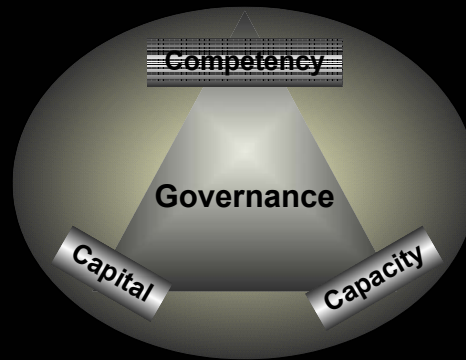

Establish a national framework of enabling technologies and processes that support improved program administration for the Medicaid enterprise and stakeholders dedicated to improving healthcare outcomes for Medicaid beneficiaries.

# State Self Assessment

The State Self Assessment is used to determine states current business capabilities and document their plans for transformation to achieve a higher level of business prowess

# Strategy & Governance

- Prioritize business capability needs
- Formal plan for implementing capabilities
- Establish technical standards
- Solidify strategic approach

# Process Innovation

- Governance process & portfolio management
- Best practices requirements gathering, project management, architecture and software development.
- Technically enabled business acumen.

# Strategic Advantage

- E-prescribe, MTM, Part D, PA
- Electronic Health Records
- Linking the Health Community
- Business Agility
- Consumer Empowerment
- Improved Health of Minnesotans

# Change the Way We Think

- Public private collaborations
- Dynamic synergy with the Department of Health
- Beneficiary centric focus

# Changing the Way We lead

- Strategic Accountability
- Performance Accountability
- Operational Excellence
- Emergent Strategic Flexibility

# Change the Way We Govern

- Business Based Priority Setting
- Govern Based on Facts
- Goal & Objective Based Decisions
- Execution Based Upon Value Proposition

# Change the Way We Enable With Technology

- Requirements Best Practices
- Project Management Disciplines
- Solution Architecture
- Development Best Practices
- Testing & Quality Assurance

# Change the Way We Work

- Learning & Growth
- Organize Around Strategy
- Align to Create Synergy
- Promote Process Innovation
- Mission Based Motivation

# Meet Our Mission

Establish a national framework of enabling technologies and processes that support improved program administration for the Medicaid enterprise and stakeholders dedicated to improving healthcare outcomes for Medicaid beneficiaries.

- **Thinking Globally** (National, State, Public/Private, Inter-governmental)
  - **Acting Dynamically** (Leadership, Processes , Systems)
    - **Focus on the individual** (Beneficiary)

# Continued Dialog
